Maryvale Drilling Commences Today

Kaili Resources is pleased to announce its 100% subsidiary company APEC Coal Pty Ltd has commenced drilling on its Maryvale Coal Project located south west of Brisbane in South East Queensland. The drilling commenced on 9th June within EPC 1539. Following the completion of drilling in EPC 1539 the drilling rig will move to EPC 1506 for drilling operations at a further 5 drill sites.

As drilling progresses further announcements will be made.

(The information in the report above that relates to Exploration Results is based on information compiled by Mr Mark Derriman, who is the Company's Consultant Geologist and a member of The Australian Institute of Geoscientists (1566).

Mr Mark Derriman has sufficient experience that is relevant to the style of mineralization and type of deposit under consideration and to the activities which he is undertaking to qualify as a Competent Person as defined in the 2004 and 2012 Editions of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves. Mr Mark Derriman consents to the inclusion in this report of matters based on his information in the form and context in which it appears.)
